NEWS REGARDING YORKTOWNS CREW

Prisoners Reported at Insurgent Headquarters.

LIEUT. GILMORE IS INCLUDED WITH THE PARTY.

General Otis Continuing His Investigations—Information Tends to Relieve Grave Apprehensions in Official Circles at Washington—Now Felt That Negotiations Can Be Conducted Through Which Prisoners Will Be Surrendered—Captain Rockfeller of the Ninth Infantry, Missing Since the 28th Ult.—He Is Possibly Captured.

Washington, May 1—[Special]—The following was received from Admiral Dewey this morning: "From apparently reliable information, I learn that that the Yorktown's boat crew, including Lieut. Gilmore, are prisoners at the insurgent's headquarters. I am continuing investigations. DEWEY."

The above information tends to relieve grave apprehensions entertained in official quarters for the Yorktown's party. It is felt now that negotiations can be conducted with the Filipinos, through which the prisoners will be surrendered to the army authorities.

Army Officer Missing.

Washington, May 1—[Special]—The following was received from General Otis this morning: "Captain Rockfeller of the Ninth Infantry, has been missing since the 28th ult. He was on line commanding a battalion near Caloocan, and has not been seen since. A search has been prosecuted since without success. Private papers that had been in his possession were found on the 29th inst., two and a half miles to the front. The belief is that he lost his course and was captured. OTIS."

Suggests an Exchange of Prisoners.

Manila, May 1—[Special]—The Filipinos have sixteen prisoners in their hands, including Lieut. Gilmore and ten of the cutter's crew from the Yorktown.

One of the envoys sent by Gen. Luna imparted this information to Gen. MacArthur.

Today, MacArthur sent ten day's rations and some delicacies to the Filipino lines for the prisoners, under a flag of truce. He also sent a letter to Luna suggesting an exchange of prisoners.

Admiral Dewey Honored.

New York, May 1.—[Special]—President McKinley sent the following to Dewey today: "On this anniversary of your great victory the people of the United States unite in expressing affection and gratitude to yourself and the brave officers and men of your fleet, whose brilliant accomplishments mark an epoch in history and will live in the annals of the world's heroic deeds."

Rescued By Americans

Manila, May 1—[Special]—A number of Macabebe tribesmen are entering MacArthur's lines and asking for the protection of the Americans against the Tagalos. The Americans today rescued five Tagalos prisoners from the hands of the Macabebes, west of Calumpit as they were about to be executed.

Manila, May 1.—In his interview Saturday with President Schurman of the Philippine commission, Col. Manuel Arguelles, one of the emissaries sent by Gen. Luna to ask for a cessation of hostilities, begged that the independence of the Filipinos at once be granted.

Mr. Schurman said he was unable to discuss the question, because American sovereignty was now established. For the same reason the commission was unable to make a treaty with the Filipinos. The granting of a truce, he said, was a military matter which he could not discuss.

Col. Argueiles appeared much disheartened by the failure of his mission on account of the rapidly exhausting resources of the insurgents.

Want Honorable Peace.

He said they desired a peace which would be honorable to America and at the same time not humiliating to the Filipinos. He added that he considered an unconditional surrender very humiliating.

Mr. Schurman reminded the Filipino emissary that Gen. Otis was only treating his brother Filipinos in the manner that Gen. Grant treated the confederates at Appomattox.

Col. Arguelles persisted, however, in declaring his idea of the necessity of permitting the insurgents to surrender without losing their honor, making frequent use of the phrase "paz con dignidad."

Mr. Schurman suggested in a conciliatory way that the insurgents by surrendering now would be permitted by the commission to co-operate in the preparation of a plan for a form of government to be submitted to the president, and promised the earnest consideration by the commission of their ideas of independence.

To Satisfy the Natives.

He said the commission desired to draft a plan of government satisfactory to the legitimate aspirations of the Filipinos, thereby granting them peace with dignity and with influence at the same time.

Since issuing their proclamation to the natives the commissioners have repeatedly asserted, and Mr. Schurman asserted to Col. Arguelles, that when American sovereignty is once fully recognized all governmental questions will be open to discussion.

Mr. Schurman thinks the end is near, this being the first manifestation of weakness. The Filipinos realize that Mr. Schurman is desirous of peace, and with peace established it will be easy to satisfy the Filipinos in the matter of self-government.

THINK OTIS TOO UNYIELDING.

French View of the Situation in the Philippine Islands.

Paris, May 1.—European interest in America now centers in the Philippines again, and the conduct of the Americans in the recent battle—especially the heroic act of the two Kansas men who crossed the river under fire—is highly praised on all sides. The report that the Filipinos are suing for peace is pronounced "unexpected" and "surprising," and doubt is expressed if the overtures are perfectly sincere. It is thought that perhaps this is only an Asiatic ruse, though possibly the insurgents may be clear-sighted enough to see that before they are entirely crushed they can get better terms.

Gen. Otis is considered too uncompromising. It is thought if the Washington cabinet should accord the Filipinos a large autonomy it would bring to a happy end what is declared to be a "violent anti-imperialist campaign, growing stronger every day."

Will Be Prepared for War.

Manila, May 1.—While it is the general expectation among Americans that the Filipino emissaries will return with revised proposals from Gen. Antonio Luna, Maj.-Gen. Otis is not letting this prospect interfere with his preparations for pushing the war. Saturday he ordered Maj.-Gen. Lawton to return to Angat, a few miles northwest of Norzagaray, and not to advance aggressively while the negotiations are pending. Gen. MacArthur is apparently acting on the same policy, but he is repairing bridges and strengthening the lines of his force, which is stretched out with a four-mile front and within a quarter of a mile of the enemy.

Insurgents Are Discouraged.

Calumpit, May 1.—The insurgents under Gen. Luna are greatly discouraged, according to Col. Wallace of the First Montana volunteers. The Colonel, together with Maj. Shiels and Maj. Adams, returned Saturday from Gen. Luna's headquarters at Santa Tomas. While the Americans were in the insurgents' camp they could not observe that the Filipinos were making any preparations for future resistance. They all expressed the greatest admiration for the valor displayed by the Americans when they crossed the Rio Grande.

Hobart is a Very Sick Man.

Washington, May 1.—Vice President Hobart's condition continues to improve very slowly, and he is still a very sick man.

ESCAPE MOB VIOLENCE

General Manager Burcrige and Party Walk Over the Hills to Wallace from Wardner.

Spokane, Wash., May 1.—[Special]—General Manager Burcrige, of the Wardner mines, accompanied by his family and Superintendent Burcha, arrived from Wardner, the scene of the mine troubles, last night. They were compelled to walk over the hills to Wallace to escape the mob and were in a pitiable condition when they reached Spokane.

DEMISE OF MRS. SKELLY

Died Yesterday Morning at Her Town of Rock Home.

Mrs. Martin Skelly died at her home in the town of Rock Sunday morning at 5 o'clock after a week's illness. She leaves a husband and one child, besides a father, mother, two sisters, Mrs. James Golden, of Kaukauna, Wis., and Miss Annie Lewis, of Rochester, N. Y., and a brother, James Lewis, of Rock. Funeral services will be held Tuesday morning at 10:30 from St. Patrick's church.

BALL & BATES SELL OUT

Charles D. Stevens, of This City, The New Purchaser.

Charles D. Stevens has made the purchase of the Ball & Bates grocery store on North Main street and in the future will conduct the business at the same stand.

Mr. Stevens will still retain his interest in the Hotel Myers but will not devote any of his time to the hotel business.

Ball & Bates are one of the oldest established grocery firms in the city, having been in business here twenty-two years.

NEW FEDERAL BUILDING

U. S. Treasury Department Ask for Proposals For Sites

In another column of the Gazette will be found an advertisement of the U. S. treasury department asking proposals for a site for the new public building in the Bower City. The proposals will be opened at 1 o'clock p. m., May 24.

THE STATE SOLONS HOLD ONTO PASSES

LAW WILL NOT BE PUBLISHED UNTIL SESSION ENDS.

The Governor in His Special Message Says the Expenses of the State Would Exceed the Revenues by About $800,000—Railroads of Wisconsin Have No Complaint to Make

Madison, Wis., May 1—The day on which the legislature adjourns this week depends considerably on whether a quorum gets back to do business without being sent for. Speaker Ray impressed on the members Friday that it would be necessary to have a quorum next week as there are some important bills to be disposed of and that if a call of the house was necessary to secure a quorum it would be made and the absentees brought from their home. He assured the members that their passes would be good all the week, as the anti-pass law will not be published and take effect until the session is over.

* * *

One important bill which the assembly has to dispose of is the forestry bill. This has been passed by the senate and came to the assembly Friday evening but there were three less than a quorum present and it could not be disposed of. Mr. Germer moved to amend the bill by striking out the section which withdraws state lands from sale. The amendment went over with the bill but it is not likely to be carried.

* * *

Somebody's figures are evidently wrong on the amount of revenue the state will realize during the next two years and how nearly it will meet the expenditures. Governor Scofield in his special message said the expenses would exceed the revenues by about $800,000, in reply to which Chairman Baxter of the claims committee said the receipts would nearly if not quite balance the disbursements. Neither the governor or the committee submitted the detailed figures to the legislature, but the general impression is that the governor's mathematics are about correct. While there will be a considerable addition to the revenue from the tax on property of sleeping car, express, freight line and equipment companies, and the increased tax of the Northwestern Mutual Life Insurance company, the appropriation bills foot up a total of about $600,000 more than at any previous session.

* * *

The railroads have nothing to complain of at the hands of this legislature. The anti-pass bill means that the state must pay for railroad fare for state officers, members of the board of control, state factory inspectors, normal regents and other officials whose traveling expenses must be paid by the state, a sum variously estimated at from $100,000 to $150,000, which of course means that much more revenue for the companies as these officials have all heretofore traveled on passes. At the same time the tax of the railroad companies has not been raised a cent. The defeat of the Orton bill in the senate by so large a vote caused a surprise about which the members are talking yet.

* * *

The real reason Gov. Scofield did not appoint K. K. Kennan of Milwaukee, on the state tax commission is that the governor learned that the senate would not confirm the appointment. Just what their opposition to him was based on is not known. The governor is looking for some other good Milwaukee democrat to take the place and the appointment will probably be made this week.

KNOW THE GUILTY PARTIES

Police Aware of Who Entered Morse and Sennett Stores.

Thieves who entered the Lyman Morse restaurant and James Sennett's saloon are known to the police.

Chief Hogan says that it was the work of well known young men here in the city, but that arrests may not be made for some time.

As the thieves took nothing from either place it would be a hard matter to prove them guilty unless they made a confession.

May Call an Extra Session.

Lansing, Mich., May 1.—Gov. Pingree's advisers are urging him to call a special session of the legislature next fall to submit to the people certain propositions to amend the constitution designed to make possible the enactment of a valid law providing for the taxation of railroad property along the lines of the Atkinson law, just held to be unconstitutional. These advisers want these matters considered at a session when nothing else is up to distract the attention of the legislators.

STRIGHAM TOO ILL TO APPEAR IN COURT

CASE OF MRS. RHODA BALLHORN DISMISSED.

The Woman is Not the Loser by the Transaction, It Is Said—Members of the State Press Association Will Visit Black Hills—Colonel Vilas' Party Returns.

Oshkosh, Wis., May 1—The case of Mrs. Rhoda Ballhorn has been dismissed, the complaining witness, Joseph Stringham, failing to appear, and upon the presentation of an affidavit made by the physicians of Mr. Stringham that the patient was suffering from paralysis and that it would be dangerous to his health to have him removed from his residence.

Mrs. Ballhorn left for Fond du Lac, where she said she would see her attorneys, and she will then go to New York. Before leaving the courtroom Mrs. Ballhorn said she could have been released a week ago if she had been willing to give up the check for $2,500, but she wanted Mr. Stringham to pay her that money. Mr. Stringham, according to her statement, gave her the $10,000 check in consideration of her promising not to contest his will, but now she says her arrest has relieved her of any obligations on her part and she will appear against his devices.

Press Association Excursion.

Madison, Wis., May 1.—The officers of the Wisconsin Press association have decided upon May 25 as the date for the excursion to the Black Hills. Secretary O. F. Roessler will in a few days address the necessary information to members of the association. President Rindlaub and Secretary Roessler will this week take up the active work of preparation and the prospects are that one of the most delightful excursions in the history of the press association will be had. It will not cover as much time as many of them have done, will be less expensive—the least, in fact, of any for years—and will afford some unique features.

Col. Vilas' Party Returns.

Madison, Wis., May 1.—Col. and Mrs. W. F. Vilas and Mr. and Mrs. Burr W. Jones are home from their trip to California, where they have been since March 20. Mr. and Mrs. E. A. Ford, who returned with them, went direct to their home in Pittsburg. Mr. and Mrs. Henry Vilas remain in California, and will spend the summer on the Cataline islands, off the coast.

To Study Wisconsin Clays.

Madison, Wis., May 1—Dr. E. R. Buckley, assistant state geologist, will leave for New Jersey in a few days to study clay deposits and the clay industry there. The next work that the Geological department will take up in the state is an investigation into Wisconsin clays. Mr. Buckley will prepare himself for the work. He will be gone about six weeks.

Dane County Fish Law.

Madison, Wis., May 1—The new Dane County Fish law is in effect. Under it fishing in the lakes is permitted May 10, a week from next Wednesday. Spearing of suckers, redhorse, carp and bullheads is permitted from today, May 1, until May 25.

Injuries May Prove Fatal.

Be Pere, Wis., May 1—While blasting holes for fruit trees with dynamite Norbert Kersten, son of Dr. A. M. Kersten of this city, was seriously injured by a stone cast up by the blast. He may not recover.

GEN. MILES NOT SUSTAINED.

Board of Inquiry Reports That No Embalmed Beef Was Furnished.

Washington, May 1.—The board of inquiry which has been investigating the embalmed beef charges has forwarded its report to the president.

Gen. Miles and his friends are disappointed over the findings of the board. It is not believed, however, that the commanding general will initiate further action through army channels. His friends contend that he submitted sufficient evidence to sustain his charges and warrant a decision favorable to him. While the board's judgment that the fresh beef was not chemically treated is a serious reflection upon Gen. Miles, and the further opinion that the canned roast beef was nutritious and wholesome places him in an embarrassing situation, the recommendation of the board that no further action be taken will cause the president, it is believed, to drop the matter and refuse to entertain appeals from Gen. Miles or anyone else who may be dissatisfied. Gen. Miles is expected to carry his case to congress and ask an investigation.

Protest Against Expansion.

Chicago, May 1.—An immense mass meeting in Central Union hall yesterday passed resolutions denouncing the conflict in the Philippines and demanding that the Filipinos be given the liberty for which they have been fighting for a century. An audience that filled every part of the building shared the sentiments of the speakers against the war. The speakers were President Henry Wade Rogers of Northwestern university, Dr. Jenkin Lloyd Jones, Professor J. Laurence Laughlin, Edwin Burritt Smith, Sigmund Zeisler, Miss Jane Addams and Bishop Spalding of the Catholic diocese of Peoria.

MAY PARTY THIS EVENING

Delightful Function Scheduled at West Side Odd Fellows' Hall.

At West Side Odd Fellows' hall this evening will be given a May party under the auspices of Janesville Lodge No. 171 Daughters of Rebekah.

This function promises to be a most delightful one and Smith's orchestra will preside.

Following are the committees:

WERE DISAPPOINTED

Great Preparation to Welcome 161st Indiana At Washington—Failed to Arrive.

Washington, May 1—[Special]—The Hundred and Sixty-First Indiana failed to arrive this morning. Great preparations have been made to give them a hearty welcome.

It was intended to have the president review them. The regiment will probably arrive this afternoon, barely in time to make connection with the train for Indiana.

CALL FOR ASSISTANCE

Governor of Missouri Issues a Proclamation Asking For Immediate Financial Aid.

Jefferson City, Mo., May 1—[Special]—Governor Stevens this morning issued a proclamation calling upon the public for immediate financial aid for the stricken people of Kirksville and Newton.

TWENTY-EIGHT CONFIRMED

Bishop Nicholson Presided At Christ and Trinity Churches.

At the Episcopal churches yesterday confirmation exercises were held. At Christ and Trinity churches Bishop Nicholson, of Milwaukee, presided, services being of an impressive nature.

A class of ten were confirmed at Christ church in the morning and a class of eighteen in the evening at Trinity church.

Both edifices were beautified by cut flowers and a large congregation attended both services.

The musical program at Trinity church included a solo by Roy Carter, which was rendered in a way to bring forth much praise.

TWENTY-NINE YEARS MARRIED

M. and Mrs. Cheney of Beloit Receive Decree of Divorce

Before Judge John R. Bennett of the Rock county circuit court during the past week the divorce case of Olive J. Cheney against David N. Cheney has been on trial. The trial ended Saturday the court granting the divorce on the ground of cruel and inhuman treatment as alleged in the complaint, giving to the plaintiff also with costs in the action the household furniture and alimony.

Mr. and Mrs. Cheney were married in the city of Beloit twenty-nine years ago and have two children both being of age.

Joe B. Dow and Wm. Smith appeared for the plaintiff and Ruger & Ruger for the defendant.

TROOPS HURRYING TO IDAHO.

Authorities Determined to Suppress Riots In Shoshone County.

Boise, Idaho, May 1.—News was received from Wardner Sunday by Gov. Steunenberg that everything was quiet in the riotous district in Shoshone county. He received word from the owners of the Bunker Hill and Sullivan mines that they wanted to begin work at once rebuilding the mill, and asking whether they would be protected. The governor assured them they would receive ample protection, and that all the powers of the state and federal governments would be used if necessary for their protection.

Gov. Steunenberg received word from the military authorities at Washington that troops would be sent in at once. Gen. Merriam of Denver has been placed in command, and is now on his way to Boise.

The plans of the state authorities here are to have the riotous section declared under martial law and protect the Bunker Hill and Sullivan people while they are building.

Minneapolis, Minn., May 1.—Orders were received at Fort Snelling to hold in readiness the troops there for departure at any moment for Wardner, the scene of Saturday's trouble among the miners, which resulted in the loss of one life and the destruction of $250,000 worth of property of the Bunker Hill and Sullivan mines. There are at Fort Snelling at the present time forty available soldiers, officers and men, and they are now resting on their arms awaiting orders to move.

Chicago, May 1.—An order was received from the war department at Washington yesterday by Gen. M. V. Sheridan, commander of the department of the lakes, to have his troops ready to move to Wardner, Idaho, where the miners are rioting as a result of labor troubles.

ALBERT AND ANGELE FUNK SENTENCED

TO SPEND BALANCE OF LIVES AT WAUPUN.

On the Evening of December 24, They Inveigled Old Chris Melge From the Soldiers' Home and Poisoned Him, in Order to Secure $200—Had Nothing to Say.

Milwaukee, Wis., May 1—[Special]—Albert and Angela Funk, husband and wife, very calmly told Judge Wallber this morning that they had absolutely nothing to say why sentence should not be pronounced upon them and the court then sentenced them both to life imprisonment at Waupun.

On the evening of December 24, Angela and Albert Funk inveigled old Chris Melge from the Soldiers' home by an invitation to call at their house and poisoned him in order to secure $200.

HOSTILE TO GERMANS

Letters From Apia Complain of Discrimination and Intrigues on All Sides.

Berlin, May 1—[Special]—Private letters received here from Apia, complain of the discrimination and intrigue against the Germans on all sides, particularly on the part of the British. The British consul is regarded as being particularly hostile to the Germans.

A FAMILY PROSTRATED

Lightning Struck the Dwelling House of John Ebbinger, at Two Rivers.

Two Rivers, Wis., May 1.—[Special]—Lightning struck the dwelling house of John Ebbinger. The bolt descended through the chimney and entered the kitchen, prostrating the entire family.

FORECAST OF WEATHER

Chicago, May 1—[Special]—Forecast for Wisconsin:

Generally fair tonight and Tuesday.

EX-GOV. ALTGELD REPORTED ILL

Said to Have Been Operated On for Locomotor Ataxia.

Chicago, May 1.—A report was current yesterday that ex-Gov. John P. Altgeld was critically ill, and went so far as to state an operation had been performed to relieve a serious complication arising from an attack of locomotor ataxia. The report was given the more credence from the fact that Dr. Nicholas Senn and Dr. John O'Neil had been called to Mr. Altgeld's residence. Repeated efforts to gain definite information on the subject resulted in failure.

Neither of the attending physicians would give out any statement concerning their patient. Conflicting and evasive replies were made to the queries of interested friends who called at the residence. To one Mrs. Altgeld said her husband's condition was still such as to cause much anxiety.

Light Nebraska Wheat Yield.

Lincoln, Neb., May 1.—The latest reports to the state agricultural department agree that not 5 per cent of the 800,000 acres of winter wheat sowed last fall has survived the severe winter. The general estimate is that Nebraska will produce less than 50,000 acres of winter wheat. However, the spring wheat acreage will be enormous, about 500,000 acres more than last year. Last year the spring wheat acreage of the state was 1,300,000.

Otis Sends No Report.

Washington, May 2.—Not a line of official news from Manila was received Sunday by either the war or the navy department. Since the opening of the campaign against the insurgents scarcely a day has passed without dispatches from Gen. Otis and the absence of advices today is taken by the war department officials to mean that, pending further negotiations on the part of the Filipinos for peace, the situation is precisely as Gen. Otis reported it Saturday.

End of Session at Hand.

Madison, Wis., May 1.—The state legislature will probably remain in session until Wednesday or Thursday of this week, but no measures of any general importance remain to be acted upon and the work of the session may be said to be practically ended. Some minor bills still remain for disposal, but the chief purposes of this week's session will be to await the action of the governor on the large number of bills that came into his hands last week.

SUNDAY SERMONS AT THE CHURCHES

THE SACRED EDIFICES WELL FILLED YESTERDAY.

Rev. A. G. Wilson at All Souls Church, Considered Some Phases of Liberal Religion—Rev. Kempton Gave Fifth Sermon in Series, "Fresh Light on Old Truth."

The sermon by Rev. A. G. Wilson at All Souls' church yesterday morning considered some phases of liberal religion. Speaking of the Unitarian and Universalist churches he said:

Both of these churches were the outgrowth of protests to certain traditional dogmas. The Unitarian protested against the "Trinity" of deities and refused to believe that three supreme personalities could coexist equal, separate and distinct in one personality. While the Universalist protested against the thought of an angry and vindictive God, the one affirmed the unity and the other the goodness of God.

I have no respect for a protest if it ends in a protest—if it does not proceed to suggest something for a substitute. A protest is a poor foundation for a christian church, distructive to the religious spirit. The hook and the latter idea in religion is to be condemned if it tears down with no desire to build something better in its place. You all know, or will know, that I have no patience with that destructive type of liberalism that has no charity in its mind, no worship in its heart, and no helpfulness in its hand. A liberalism that sails the seas of religious thought with only a flaring searchlight and a big gun, but with no lifesaving apparatus, looking for something to shoot at—a pirate of the seas. And yet I believe in protests when directed against a great error or a great wrong. History is but a series of victorious protests. And, my friends, to these two successful protests may be traced the great change that has transpired in religious thought during the closing half of this century.

I know pretty well what is going on in theological circles, and I affirm that the traditional "orthodoxy" has been practically surrendered in the high places. It is proper now to employ the individual reason and conscience in religious thought and personal ethics. It is safe to think of God as being at least as good and reliable as an earthly father. The churches have entered upon a new era. Religion henceforth must rest upon some other basis than fear or the vote of a prejudiced church council. The day of threatening is gone forever.

Fear is no longer a christian motive. Whoever obeys the laws of God or his country from fear of hell or jail, is a bad man and needs to be watched. The preacher can no longer reform men by talking of the divine wrath. If love is not strong enough to draw a man and melt his heart to truth and virtue, he needs a further evolution. The church is no longer a police court, and the priest is no longer a sheriff to read a death warrant to his trembling congregation.

The incubus of the ages has been unloaded. Worship today is reverence, not a slave's plea for mercy. And yet, every experienced person believes in hell—the hell of an evil character, the remorse of a sad memory. And everybody believes in the heaven of a happy world, and the joys of virtue and the peace of conscious self respect.

I am not hear to preach an easy go-as-you-please sort of religion. I am hear to preach the hardest and most exacting religion on earth. A religion that makes no demands of service and sacrifice is worth what it costs—nothing. There is no high attainment that does not lie at the end of a very narrow pathway. There is no short cut to heaven. It is up grade all the way. "Beyond the Alps lies everybody's Italy."

We owe the future world the best service we can render this world for it will be populated with the sort of people we send forth from this. And therefore I propose to preach the kind of Gospel that will lead men to the highest type of life before they go hense for that is the Gospel most likely to be true.

The Baptist Church.

Mr. Kempton gave the fifth sermon in the series "Fresh Light Upon Old Truths." The subject was, "The Old Doctrine of Election." His text was in 2 Peter 1, 10-11. This doctrine is one of the fundamental ones of Christianity. Underneath all of the doctrines of the Bible is the rock of the purpose of God which is commonly called election. What is election? It is the plan of God whereby some are to be saved. God works by plan. We see it in all nature, and what he does in nature he does within his people. Back in eternity before the world was God laid his plans. His purpose to save some through belief in his Son was election. Look back over history and see how God worked out this purpose. See how he has even made his enemies to work to bring forth his purpose.

This doctrine is plainly found in the Bible. We may not know how God gives repentence, and faith, and love, that his purpose may be carried out, but we do know that he sends out a general invitation to all to come and accept life everlasting, and that he also has special ones whom he has chosen to be his from the foundation of the world.

How may we know that we are God's elect? Paul explains it. We have a part in the work ourselves. It is only those who use "all diligence" in the Christian life who are God's elect. Only those who cultivate faith and humility can claim to be God's elect. God only helps those who help themselves.

We are to cultivate patience and all of the virtues that the apostle mentions. We are to cultivate brotherly love. We are to cultivate charity. When we have cultivated these sweet virtues and graces we shall know that we are truly the children of God.

The christian life should all be upward and not downward, and if we give all dilligence to cultivate these virtues our christian life will be upward and we shall have an abundant entrance in God's kingdom. We have God's word for it, that we shall never fall.

Many who have lived only selfish lives and have not cultivated these virtues shall not have an abundant entrance into the kingdom. May God help us to do our part and we know God will carry out his part of this great purpose born in eternity.

BIAS MADRAS SHIRT WAIST FROM HARPER'S BAZAR

The bias treatment of striped fabrics is always a graceful one, especially where the stripes are made to represent a succession of downward turning V's. With the exception of the back yoke, collar and cuffs, our shirt waist design, which is taken from Harper's Bazar, is to be made of Madras and is cut upon the bias. The fronts are made in narrow upward turning tucks, which begin about one and one-half inches from the center and extend to the shoulder seam at the arm hole, the tucks at the deepest point, i. e., where the shoulder seam and collar join, being about six inches deep. The box pleat is separate and adjustable, and may be of white or of the darkest shade in the material. The fullness at the front of the waist is gathered on each side of the waist line. The back of the waist has a center seam at which the lines must be carefully matched. The same care must be exercised at the under arm seam if the pretty effect of the illustration is to be preserved. The back of the yoke has two down turning points, between which the slight fullness is gathered. At the waist line this fullness is laid in flat inward turning pleats. The sleeves are a perfected pattern of the conventional shirt sleeve, with slight fullness gathered into square-pointed cuff. The collar is of the deep turnover variety, which is already popularly shown in the smart shops.

GOOD SHOW FOR LITTLE MONEY

Musical Comedies All This Week at Myers Grand.

It is with pleasure Manager Myers announces the engagement here for six nights at popular prices of that great company of merrymakers, Ferris' comedians, who have delighted the amusement lovers of all the larger cities for the past seven years, and of whom the press everywhere have bestowed lavish praise. They are not to be classed with the so-called "cheap price" aggregations, as their company is composed of metropolitan artists and their reportoire an entire departure from the moss-covered dramas and antique comedies. They present bright, sparkling and effervescent musical farce comedies, abounding in each of which are numerous specialties of high class order. In their opening bill alone are 46 musical numbers and 22 specialties, and there is an entire change of bill and specialties every night. Truly a great show for little money. Remember the date, all this week. Prices, 10, 20 and 30 cents. Ladies free this evening if accompanied by the holder of a paid 30 cent ticket.

BELOIT ACADEMY DEFEATED

Saturday's Ball Game an Easy Victory For Janesville Highs

The first base ball game of the season to be played on the home grounds, was played last Saturday afternoon between the Janesville High school base ball team and the Beloit Academy nine, resulting in an easy victory for the local nine.

The game was too one sided and full of errors to be very interesting for lovers of genuine sport in the great national game. Some clever plays were made, however. Palmer of the home nine has his old position in the pitcher's box and did effective work. After the first inning, Bonesteel took his old position behind the plate and although he is "crippled", his skill with the mitt made its effect known in the result.

The line-up was as follows:

JANESVILLE.	Position.	BELOIT.
Palmer	Pitch	Lapee
Bonesteel	Catch	J. Dupee
Nott	Short Stop	Loranger
Richardson	First Base	Conkrite
Wing	Second Base	Wright
Carr	Third Base	Merrill
Carpenter	Right Field	Peck
Anderson	Center Field	Birkland
Kearney	Left Field	Clark

The game by innings:

Janesville	0	7	3	0	0	2	1	0	3	—16
Beloit	1	1	0	0	0	1	0	1	0	—4

Struck out—By Dupee, 9; by Palmer, 9. Base on balls—Off Palmer, 3; off Dupee, 4. Two base hits—Palmer, Anderson (2), Kearney. Hit by pitched ball—Loranger, Dupee, Nott. Umpire—Toby Larson. Scorer—Lovejoy.

"Blessed Hour of Our Dinners."

Said the poet, and the meal is really enjoyable when eaten at the dining rooms of The Mrs. Clark Co., 151-153 Wabash avenue, Chicago, or at the restaurant on the 7th floor of the Association building in La Salle street, which is also run by this company. The cuisine and service are unexcelled.

1ST ANNUAL BANQUET OF THE MEN'S CLUB

SATURDAY EVENING AT CHRIST CHURCH PARISH HOUSE.

Members Celebrate the Close of Their First Year's Work—Ladies Were the Guests of Honor—Bishop Nicholson Among the Guests Present—Interesting Speeches.

Last Saturday evening the Men's club of Christ church, celebrated the close of the first year's work with an annual banquet, the ladies being the guests of honor. There were a few other invited guests present.

At 6:45 o'clock a dainty spread was served in the dining room of the first floor. The tables were handsomely decorated for the occasion. The success of this portion of the evening's program reflected much credit upon the ladies of the church who acted as caterers; Mrs. B. B. Eldredge, who had charge of the banquet and the young ladies of the church who administered to the wants of the guests present. Before the serving of supper the divine blessing was invoked by Rev. G. W. Dunbar.

As soon as the appetites of all had been appeased, Rev. A. H. Barrington called the company to order and announced the literary program which followed. Officiating as toastmaster, the reverend gentleman made a few remarks of explanation of the program, which related to the American in a national and personal sense.

Owing to the absence of W. G. Wheeler, Judge John R. Bennett responded to the toast "The State." He spoke very entertainingly of the progress of the state; Mayor Victor P. Richardson spoke on "The City," treating his subject in reference to its position in the state; Judge Charles L. Field took for his subject, "The Men of Today," making one of the most brilliant speeches of the evening and treated his subject in a manner that brought forth much praise. Rev. F. L. Maryon dealt with "The Church of Today," say that the church of today differed from the men of today in that it was of necessity the church of the past and is the church of the future. Rt. Rev. I. L. Nicholson, S. T. D., Bishop of Milwaukee diocese, spoke eloquently on "The Churchmen of Today," taking William E. Gladstone as an example of a man pure in life; a model that all would do well to follow; The toast, "The Ladies," was responded to by Dr. J. B. Whiting, whose remarks were very interesting indeed and paid a glowing compliment to the fair sex.

CATARRH OF THE STOMACH.

A Pleasant, Simple, Safe but Effectual Cure for It.

Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied sometimes with sour or watery risings, a formation of gases, causing pressure on the heart and lungs and difficult breathing; headaches, fickle appetite, nervousness and a general played out, languid feeling.

There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen it would show a slimy, inflamed condition.

The cure of this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate, mucous surfaces of the stomach. To secure a prompt and healthy digestion is the one necessary thing to do and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harlanson the safest and best treatment is to use after each meal a tablet, composed of Diatase, Aseptic Pepsin, a little Nux, Golden Seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets and not being a patent medicine can be used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use after meals.

Mr. N. J. Booher of 2810 Dearborn St., Chicago, Ill., writes: "Catarrh is a local condition resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom passing backward into the throat reaches the stomach, thus producing catarrh of the stomach. Medical authorities prescribed for me for three years for catarrh of stomach without cure, but today I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I cannot find appropriate words to express my good feeling. I have found flesh, appetite and sound rest from their use."

Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for any form of indigestion, catarrh of stomach, biliousness, sour stomach, heartburn and bloating after meals.

Send for little book mailed free, on stomach troubles, by addressing Stuart Co., Marshall, Mich. The tablets can be found at all drug stores.

DeKoven.

Reginald de Koven was born in Middletown, Conn., April 3, 1859. He entered St. John's college, Oxford, in 1879 and was graduated with high honors. He studied music under many of the best teachers abroad, and, returning home, began composing songs. His first opera, "The Begum," was produced in 1887, and since then he has produced quite a number, among them being "Don Quixote," "Robin Hood," "The Fencing Master," "The Algerians" and "The Tzigane."

Or Words to That Effect.

The text was: "I am the bread of life." "Did my little girl know the golden text at Sabbath school today?" asked the uptown mother. "Yeth ma'am," replied the little one; "I said it with the other little girls and boys." "And what was it?" "I am the loaf of bread," answered the child solemnly.

FLAMES FANNED BY WIND.

Tornado of Fire Sweeps Through Northern Nebraska;

ITS PATH WAS A MILE WIDE.

Damage to Property Will Reach Far Into the Thousands—Two Lives Known Have Been Lost—High Winds Elsewhere.

Coleridge, Neb., May 1.—A prairie fire burning in the hay flats along the northern tier of counties of Nebraska, ten miles from here, Saturday afternoon passed into the track of a tornado and was swept with the speed of the wind diagonally across this county for twenty-five miles, destroying everything in its path.

The property damaged is known to reach into the thousands, though the only lives lost, so far as known, were those of Mrs. Rolla Livingston and her 5-year-old boy.

The woman saw the fire coming, and ran to a pasture to release the family stock. The boy followed her, and both were knocked down by the terrified animals. The fire passed over them before they could get out of the way. The body of the boy was almost consumed. Mrs. Livingston lived but a few hours.

A number of large bunches of cattle were overtaken and consumed in the path of the seething mass carried along in the teeth of the tornado. A large number of farm houses were utterly destroyed and the families escaped only by racing beyond the limits of the track of the storm.

The path of the fire was nearly one mile wide and the farmers beyond the fire belt managed to put out the flames along the bottoms after the tornado had passed over.

The storm of fire is considered the most extraordinary thing that ever visited this section, and it passed through the wealthiest agricultural part of Nebraska.

Electrical Storms in Minnesota.

Minneapolis, Minn., May 1.—The heavy local rains which have been general throughout the northwest for some days past continued Sunday. Several showers fell in this vicinity, and a severe electric storm passed over this city at night, the lightning striking at points, though no serious damage is reported. While the rain has been too heavy at some points, yet, as a whole, it will prove of great benefit to the agricultural interests of the northwest, and comes very opportunely, as the seeding is practically completed. The crop prospects up to date are excellent.

Wind Fanned the Fire.

Newton, Kas., May 1.—The wind here blew a gale all day Sunday, reaching a velocity of sixty miles an hour in the afternoon. The sun was obscured by the vast clouds of dust. Trees were broken and small buildings overturned. A pile of ties in the Santa Fe yards took fire while the wind was the strongest, and the timely work of the railroad fire department averted a conflagration.

All Wires Are Down.

Atlantic, Iowa, May 1.—A cyclone passed two miles west of Avoca at 6 o'clock Sunday evening, going in a southerly direction. All telephone and telegraph wires are down at Oakland and no news has been received south from Avoca. At Avoca the storm was severe and two houses in the outskirts of the town were demolished.

Child Hurt and Stock Killed.

Valparaiso, Neb., May 1.—A tornado Sunday passed through Saunders county, about four miles west, destroying everything in its track. A large quantity of stock was killed. One child was slightly hurt. The damage to property will amount to several thousand dollars.

Berlin Government Criticised.

Berlin, May 1.—The nationalist papers of Germany—and especially the Deutsche Zeitung and Taegliche Rundschau of Berlin—sharply attack the government because of the course it has pursued in the Samoan affair. Before the Samoan joint commission succeeds in coming to a unanimous agreement, these papers declare, the British and Americans will have destroyed the German influence in Samoa and will have won the natives over to the support of Malietoa Tanus.

Mustered Out on Sunday.

Savannah, Ga., May 1.—The One Hundred and Sixty-first Indiana regiment left here Sunday in three special trains for Washington. As a special favor to Col. Durbin, its commander, the regiment will pay its respects to President McKinley. The command was mustered out of service near this city.

Lewis Baker Is Dead.

Washington, D. C., May 1.—Lewis Baker, ex-minister to Nicaragua, Salvador and Costa Rica, widely known in journalism, and a politician, died at his home in this city Sunday. Anemia was the cause of death.

Coal Heavers Strike.

Milwaukee, Wis., May 1.—The striking coal heavers have joined with the longshoremen, and if their demands are not granted by the dockmen here the strike will likely spread to Cleveland and Buffalo.

Fire in Krupp's Shipyard.

Kiel, May 1.—A fire in Krupp's Germania yard Sunday did damage to the amount of 1,500,000 marks. Two warships in course of construction narrowly escaped being destroyed.

Grain-O Brings Relief

to the coffee drinker. Coffee drinking is a habit that is universally indulged in and almost as universally injurious. Have you tried Grain-O? It is almost like coffee, but the effects are just the opposite. Coffee upsets the stomach and ruins the digestion, effects the heart and disturbs the whole nervous system. Grain-O tones up the stomach, aids digestion and strengthens the nerves. There is nothing but nourishment in Grain-O. It can't be otherwise. 15 and 25c per package.

HEART FAILURE

has often been styled the cause of death in persons who have long lingered in disease. The amazing work which the heart regularly performs would certainly pre-suppose its breaking down. The most active climber can raise himself 1000 feet in an hour, the best locomotive 4000 feet and the heart 20,000 feet. To preserve its energies in full glow and force, Pabst Malt Extract, The "Best" Tonic, will act as an effective and practical fuel. No steam without fire. No energy without food. No staying power without rich supplies of blood. The heart is the great engine of the body. Keep it going, steadily, easily, persistently, unto a ripe old age.

Philadelphia, Pa.

I have used your Malt Extract where a "Best" Tonic seemed to be indicated, and the results have proved quite satisfactory. Where a malt preparation is required, I shall not hesitate to suggest the use of your preparation.

WINE OF CARDUI

Woman Knows Woman.

ZURICH, KAN., Jan. 31.

I used Wine of Cardui for nervousness and weakness in the womb. After taking one bottle I was well again. I am a midwife and always recommend Wine of Cardui to my lady friends during pregnancy and after birth as a tonic. Every lady who takes it finds that it does even more than is claimed for it.

MRS. V. M. BOISVERT.

McELREE'S Wine of Cardui

Nobody knows woman like woman. Men go to medical colleges, study books and listen to lectures. They learn indirectly of the diseases of women, but they are men and can never fully understand the ailments, the sufferings, the agonies of mothers, wives and sisters. A woman **knows.** Mrs. Boisvert **knows.** She has passed through the trials and tribulations of her sex. She has been near by when her sisters suffered. She has seen them relieved and cured with Wine of Cardui. Is it any wonder she recommends it? Is it any wonder that thousands of other women recommend it. **They know.** They have actual experience to prompt them. They spread the tidings from mouth to mouth, telling how Wine of Cardui helps young girls, helps the weak of all ages, helps and cures all womanly ills.

THIS DAY IN HISTORY.

Wellington.

1517—The "Evil May Day;" the apprentices of London rose, mobbed foreigners and killed many; 16 of the guilty were hanged and 400 pardoned by Henry VIII.

1528—Pamfilo de Narvaez discovered bay of Pensacola, Florida, and landed with 400 men, of whom but four survived the expedition.

1660—Commissioners from the colonies met at New York to provide for defense against the French and Indians; first instance of a congress of the colonies.

1769—Arthur Wellesley, duke of Wellington, born in Dublin; died 1852.

1880—Samuel Peter Heintzelman, American Union general, died in Washington; born 1805.

1893—The World's fair (Columbian exposition) opened in Chicago.

1895—General John Newton, distinguished soldier of the Mexican and civil wars and the engineer of Hell Gate, died in New York city; born 1823.

1896—The shah of Persia assassinated.

1898—Commodore George Dewey, with the Asiatic fleet, defeated the Spaniards in Manila harbor, Philippine Islands. A bill reviving the rank of admiral and elevating Dewey to that position became a law in March, 1899.

THE TAX COMMISSION

Gov. Scofield has named General Michael Griffin, of Eau Claire, as tax commissioner, and George Curtiss, of Merrill, as first assistant. The third member has not yet been chosen. The senate promptly confirmed the two appointments.

The commissioners will draw salaries of $5,000, $4,000 and $3,000 per year, and hold of their places for ten years.

By the creation of the board, Wisconsin has taken a long step toward reform. The board will have ample power, and the length of the term of office places the commission out of reach of the politicians. The work is an important one to every tax payer, and that it will receive careful attention is assured by the make-up of the commission. General Griffin is a lawyer of exceptional ability and a man of splendid character. He has a reputation for thoroughness in all that he does, and the people have all confidence in him

Mr. Curtiss is one of the Wisconsin authorities on taxation. He served as a member of the tax commission of 1897, without compensation, and is thoroughly posted as to the tax system and its defects.

OUR BRAVE AMERICANS.

American soldiers have won high honors in the service in the Philippines, but among the heroes none have won more splendid laurels than General McArthur and Col. Funston. In his official report General Otis says:

"After taking Calumpit MacArthur's division crossed the Rio Grande river in the face of great obstacles, driving the concentrated forces of the enemy back on the railroad two miles. MacArthur reports the passage of the river a remarkable military achievement the success of which was due to the daring skill and determination of Col. Funston, under discriminating control of Gen. Wheaton. Casualties slight; number not yet ascertained."

It is now said that Col. Funston will be made a brigadier general in recognition of his services, and that he and the men who crossed the river in the face of a galling fire will be given medals of honor in addition to other recognition.

Such achievements are enough to fire the blood of every good citizen. Well may the people look upon the American army with a glow of pride!

Gov. Scofield has warned the legislature of his intention to return, with his disapproval, all bills making appropriations where no provision for providing the money is made. This communication is of the same order as others transmitted by the governor—dictated by common sense and drawn with decisiveness. Governor Scofield is guarding the public interests jealously, and speaks his mind plainly whenever occasion demands.

A Washington dispatch says that the computation of the money order transactions of the postoffice department just completed by the auditor of the six months ended Dec. 31, 1898, shows that during that period money orders were issued to an amount of $10,506,400 in excess of the issues of the corresponding period within the past thirty years. The remittances by postal money order from Manila prior to March 15 were in excess of $225,000.

The Chicago Tribune compliments Wisconsin on the enactment of an anti-pass law, but thinks the measure too stringent to be effective. As the effectiveness of a law would appear to depend largely on its stringency, however, the Tribune's exception is hardly well taken.

Colonel Funston, you are certainly a hero. You have well won your honors, and deserve all the good things that have and will be said of you. Therefore we abjure you not to talk. Profit by the example of others and keep your mouth shut.

Milwaukee policemen claim that the anti-pass bill will decrease the efficiency of the department. Why should it? Are not good salaries paid to the policemen? Why should they not pay their fare, as other citizens do?

Mrs. Anna George will lecture on woman's rights. Evidently Mrs. George does not realize her true position—that she is "lucky to be alive," without bothering the American people further.

Aguinaldo has sued for peace, and when he comes to take an account of stock he will probably think he ought to sue for damages as well.

"What's the matter with Kansas?" Ask Colonel Funston.

LA PRAIRIE TOWN BOARD MEETS.

Appoints L. A. Sherman Town Treasurer in Place of R. L. Pollock.

La Prairie, May 1—The town board met at the town clerk's office last Saturday for the purpose of appointing a town treasurer in the place of R. L. Pollock, who is in New Mexico for his health. L. A. Sherman was the man of their choice. The pony formerly owned by Ed. Fonda, of Shopiere, and was exhibited at the Midwinter fair, is now on the N. Jackman farm. C. Child's children are enjoying the pony and cart given them by their grandfather. Dr. Brown is attending the sick horse owned by D. Q. Stark at the Chrs. Wilkes farm. Very few farmers have finished sowing and some have not sown any yet. Some of our farmers have turned their stock into pasture. It was hoped that the recent rains would refresh the laws and berry patches more than it has. New plants and lawn seed is the only way to renew this year. Mrs. Geo. Goocher is again able to ride out and enjoy the spring weather. Tobacco plants are up in many of the beds. C. Wilcox's barn was destroyed by fire last Saturday evening. The many friends of Mr. and Mrs. James Mahany, of this place, wish them God speed. Mrs. Mahany was born and brought up in this place and had many friends. Mrs. Henry Case is not improving very fast. J. P. Thomas is on a fishing excursion this week.

The committee of arrangements for the May party on Tuesday, May 9th, to be given by America Rebekah Social club at East Side Odd Fellows' hall, have secured the services of the orchestra from the State School for the Blind. That means good music. All Odd Fellows, their families and invited friends and those holding invitations to the calico hop are cordially invited. The committee reserve the right to bar objectionable characters.

TREATMENT FOR VERMIN.

A Christian Scientist's Servant Follows Her Mistress' Example.

A prominent Christian Scientist of the city who has acquired considerable distinction as a "healer" owns a cook who boasts a pedigree in Ireland. One morning the Celtic domestic informed her mistress that the kitchen was infested with numbers of tiny red ants, which made life a burden to the culinary resident. The feminine owner of the mansion at once gave her servant a quarter to purchase some powder that would destroy the insects. Bridget took the money and promised to rid the kitchen in a short time. Several days later the Christian Scientist made a visit to the kitchen and found the ants as numerous as ever. "Why, Bridget," she exclaimed in dismay, "what did you do with the quarter?" "Sure, ma'am," answered Bridget politely, "I put the quarter in a very safe place, and as for the ants, sure I followed my mistress' example and gave them the absent treatment."

Incombustible Celluloid.

One of the most serious objections to celuloid articles has always been the liability to easy ignition. Celluloid may be made uninflammable, it is stated, by dissolving ten parts of ordinary celluloidine in 250 parts of acetone, and then adding sufficient of a solution of five grammes of magnesium chloride in 15 grammes of alcohol to make a paste; this forms when the proportions of the first named and the latter solution are about as five to one. After careful kneading and drying the resultant material is said to be quite incombustible.

ASLEEP IN JESUS.

Deacon Frederick Scott.

Frederick R. Scott was born February 18, 1852, in the town of Bradford, Rock county, Wis., and died at his home in the same place, April 21, 1899, having lived a little over forty-seven years. He was married to Miss Eda Plater October 5, 1882, who besides an aged mother and two sisters survive him to mourn his loss. In January, 1895, Mr. Scott was elected deacon of the First Congregational church of Emerald Grove, of which he became a member April 15, 1884. He had always lived where he was born, and was widely known. Besides being an officer in the church of sterling worth, his townsmen had honored him with positions of trust which he ever filled with carefulness and credit. With his death the church has lost one of its most valuable members. His quiet conservative spirit rendered him an exemplary christian, whose influence will be lasting for good in the memories of all who knew him. The funeral services were conducted at the home by his pastor, Rev. C. W. Dennis. At the cemetery the Modern Woodmen of which the deceased was a member, took charge with their impressive burial service.

Clara Heine.

Miss Clara Heine, aged 19 years, closed her eyes to awake no more in this material dream Sunday afternoon at 2:20 o'clock, the result of rheumatism. Death occurred at the home of her mother, Mrs. Stelle Heine, 207 Glenn street. Besides a mother she leaves one sister, Miss Melinda Heine, to mourn her departure. Funeral services will be held Wednesday afternoon.

HESS RECEIVES PRISON SENTENCE

JUDGE BENNETT FIXES TERM AT ONE YEAR.

Broken Down in Health He May Never See Freedom Again—Pleaded Guilty to Burglary—Karl Boldnau Escapes with a Six Months' Sentence to Waupun.

In charge of Sheriff Appleby, Jack Hess walked from the jail at 2 o'clock this afternoon to the circuit court chamber of Rock county.

Before Judge Bennett he entered a plea of guilty to the charge of burglarizing freight cars on the Chicago, Milwaukee & St. Paul railroad near Beloit in 1897.

The court then sentenced Hess to one year in the state's prison at Waupun.

The prisoner looked anything but the picture of health as he stood with stooped shoulders and bowed head before the court.

His long confinement in numerous county jails of late years has ruined his health so that his looks indicate that he may never live his year out at Waupun. It was owing to his present poor health that the court showed him mercy in giving him but a year. Hess says that if he lives his time out at Waupun, he intends to reform and be a man the remaining days of his life.

Boldnau Sentenced.

When the case of the State of Wisconsin vs. Karl Boldnau was called in the municipal court this morning, the defendant withdrew his plea of not guilty and pleaded to the charge of the larceny of fifty-four dollars in cash.

The court then sentenced the defendant to six months in the state prison at Waupun at hard labor.

On pleading guilty Boldnau stated that he was intoxicated at the time and that he did not know what he was doing.

Several weeks ago Boldnau wrote to Germany to his wife for financial aid but failed to hear from here.

Boldnau was charged with stealing $280 in notes and $54 in cash from Michael Stroebel, in the town of Lima, on March 19th. In default of bail in the sum of $500 the defendant has since been confined in the Rock county jail.

COUNCIL MEETING TONIGHT

First Regular Meeting of the City Fathers Since Election

The first regular meeting of the common council will take place this evening and several matters will come before the city fathers.

Whether or not David Jeffris will be granted permission to erect a frame building on North river street near Wall street, will in all probability be settled.

Aldermen Fifield, Sennett and Kothman spent much time this morning looking over the ground and it is said that the council will grant the permit.

The proposed building will be a two-story factory building, 86 by 100 feet, fronting on North River street.

M'ALPIN CLAIMS DAMAGES

Former Resident of Janesville After the City of Beloit

James McAlpin, who resides in Beloit, and for many years a resident of Janesville, being engaged while here in the harness business, has through J. W. Bates, his attorney, filed claims against the city of Beloit for damages done his grocery stock in the basement of his store at the corner of State and Broad streets, from the cellar being flooded during the storm on Thursday night, because of insufficient drainage. Mr. McAlpin places his damages at $1,000.

SENTENCE QUARTET DRUNKS

This Proved to Be Judge Fifield's Busy Day.

Chief of Police Hogan marched four Sunday drunks into court this morning and each was given a jail sentence.

John Wilkins and Joseph Lewis, of this city, went to the bastile the former for six days and the latter for ten.

Peter Waldon, of Edgerton, and Joseph Arner, a farm hand, received ten days each.

WIND WRECKED THE BUILDING

North River Street Structure Suffered Much Yesterday Morning.

At an early hour yesterday morning wind raised havoc in this city and adjoining territory.

On North River street the Williams building adjoining the fire department building on the north, was blown into the street a distance of several feet.

The building is unoccupied, and is a two story frame structure.

The front portion was very badly wrecked.

E. M. Hardy sends The Gazette copies of the Chattanooga (Tenn.) Press, and a very newsy newspaper it is. Mr. Hardy is vice president and secretary of the Press Publishing Co., and has charge of the Mechanical department of the office.

The Woman's Foreign Mission Circle of Court Street M. E. Church will meet with Mrs. Abram Phelps, 155 Pleasant street, on Wednesday, of this week, May 3, at 3 o'clock in the afternoon. The meet is of great importance Let every member be present.

Saturday evening at 9:45 o'clock an alarm of fire was turned in from box 26, corner of Glenn and Hickory streets. A lamp sitting on a table at the residence of Mrs. Mary Doran, 252 Bluff street, was overturned. The carpet was badly burned, otherwise there was no damage.

LIGHTNING CAUSES DESTRUCTIVE FIRE

HORSES AND COWS CREMATED SATURDAY NIGHT.

Large Barn on the Morrison Farm South of This City Destroyed with Contents—No Insurance Carried—Mr. Lewis Had Narrow Escape While Saving the Stock.

Lightning struck the large barn on the D. B. Morrison farm in the town of La Prairie Saturday evening and fire that followed destroyed the entire structure with contents.

Two horses and three cows lost their lives.

Mr. Morrison carried no insurance on either the barn or its contents.

The Morrison farm is located on the Beloit road four miles south of this city and is the former Cornelius Wilcox place.

Neil Lewis, a former resident of this city, has charge of the place.

About 8 o'clock Saturday evening, while the storm was at its height, lightning struck near the house and Mr. Lewis anxious to ascertain the damage hastened out doors to discover his barn in flames.

He at once gave the alarm and lost no time in reaching the burning structure, where he first gave his attention to saving the livestock which was quartered within.

Mr. Lewis succeeded in getting out some of the stock, but the smoke became so thick that three cows and two horses refused to leave the burning structure and were cremated.

Valuable farming implements and several tools and harness that were stored in the barn were also destroyed.

So anxious and excited was Mr. Lewis to save the livestock, he forgot his own safety, and barely escaped with his life.

On account of the strong wind, much difficulty was experienced in saving the adjoining barns and sheds, as well as the house.

The flames were plainly seen from this city, and many from here drove out and assisted in the work of rescue.

TILLERS OF THE SOIL HAPPY

Season Is Ahead of the Preceeding Year at This Date.

Farmers continue to bring in very encouraging reports regarding seeding operations. They all report that the ground is in excellent shape after the recent rains. The farmers are all happy and hopefull.

Many had imagined that the season was much later this year than last, but they are informed to the contrary. In fact the farmers are far ahead in their seeding this year. Last year, while so-called spring came earlier, there was a continued cold spell right at the most critical time, which greatly delayed seeding of all kind.

WILBUR WILL MANAGE TEAM

That Is the Present Outlook in the City of Edgerton.

The present indications are that George Wilbur, a former local resident, will manage the Edgerton base ball team this season.

Edgerton is preparing to put one of the best base ball teams in the field this year that they have ever had. And it is the intention of those interested in the management of base ball affairs to get together a nine that will be able to go against any team in the state. The plan of the summer campaign is now being mapped out, so that the team will have an engagement every day during the season, Saturdays being reserved for a home game.

ALL EDGERTON WILL COME

President McKinley's Visit Stirs Up the County.

The talked of visit of President McKinley to Janesville in July is creating interest in all parts of the county.

The Wisconsin Tobacco Reporter, of Edgerton, says:

"President William McKinley will be in Janesville sometime during the month of July. When that day is announced every person in Edgerton will begin to make preparations to "shut up shop" and join with our neighbors in receiving the nation's chief. Rock county will all join in and help make the event a regular holiday."

NEWS OF THE BOWER CITY OBSERVES DEWEY DAY

GREAT VICTORY COMMEMORATED HERE TODAY.

Flags Were Displayed in Both the Business and Resident Portions of the City—Program Carried Out in the Lower Grade Rooms of the Public Schools.

"Dewey day" was duly observed in the Bower City today.

Old Glory floated proudly from the flag staffs of many of the public buildings, including the city schools, engine houses and the Chicago & Northwestern shops.

Through the residence portion of the city the American flag was displayed in unlimited numbers, while in many instances a lavish display of bunting was brought forth.

In the public schools specially prepared programs were carried out in the lower grade rooms, and the children entered into the festivities with a will that plainly indicated that they fully realized the meaning of the day.

Bunting, flags and flowers were displayed in many of the school rooms, giving them a patriotic appearance.

It was one year ago today that Admiral Dewey sailed into the bay at Manila and destroyed the Spanish fleet without the loss of a man. In commemoration of this victory, which takes its place among the most brilliant naval victories in the world's history, the day was observed by many of the citizens of Janesville.

"Dewey day you must remember is a new venture in this country and there were many people in this city who were not even aware of the the fact today," said a prominent city official.

"This reason I believe accounts for the lack of interest shown by many of the business houses here not making a better showing. I believe that the day will be observed on a much larger scale in years to come."

Our Ice Cream Soda

requires no introduction, it is known to be the best in the city. Last year people claimed it was far ahead of the good Chicago Soda and it will be as good, if not better than that of last season. We make good soda making a study. You will see if you try it how well we succeed.

PEOPLE'S DRUG CO.....

In a Very Short Time...

You will be riding a wheel. We have always had the reputation of selling the best bicycles which could be bought in Janesville for the money. The best evidence of that fact is that for year after year we have sold more wheels than any competitor in the business, and then we hold our trade. Our guarantees are as good as a bond. And when we say that a wheel is right, every dollar which we have invested is ready to back up that statement. Then don't buy unless you can get an equally good and an equally secure guarantee.

TWO KILLED IN TRAIN WRECK

Fatal Accident on the Rochester & Lake Ontario Railroad.

COACH JUMPS THE TRACK.

While Rounding a Curve at Full Speed One Car Filled with Excursionists Leaves the Rails—Many Seriously Injured—Names of the Victims.

Rochester, N. Y., May 1.—Two persons were killed, more than a dozen seriously injured and fifty less seriously hurt as the result of a wreck Sunday afternoon on the Rochester & Lake Ontario railroad, about one-half mile north of this city. One car of an excursion train filled with passengers left the track while rounding a curve at full speed and was completely wrecked.

The dead are:

JOHN HELBERG, aged 29, died at Homeopathic hospital.

UNKNOWN MAN, died after being removed from the wreck.

The seriously injured are:

Julia Sullivan, 18, fractured collarbone.

George Brasser, 36, compound fracture of forearm.

J. Tierney.

Emil Steingraber, 23, back badly injured.

Otto Hahnke, 21, both legs badly bruised and bones of right hand broken.

William Goodman, 22, severe scalp wound.

Emil Schram, 18, small bones of right foot broken.

John Biershal, 42, compound fracture of right leg.

Emma Tuefel, 17, nose broken, face terribly lacerated.

James Lombard, internal injury, may prove fatal.

J. F. Moore.

H. L. Borie.

Oscar Dorschal.

William Doerrer.

C. R. Hinehart.

John Sullivan.

Charles Werner.

Joseph Zimmer.

The two latter are very seriously injured and may die. The slightly injured, and who were able to go to their homes, were:

Thomas Darro, back injured and face cut.

A. E. Burnham, back hurt and both legs bruised.

Henry Koehlin, back injured.

Valentine Lochener, injured about chest and back.

John Russinger, back and head injured.

Henry Rosenthal, left leg hurt.

Frederick Goldsworth, side of face cut and left shoulder injured.

Charles Nachaler, left leg bruised.

John H. Fredericks, both legs injured.

John Fleming, arms bruised.

Frederick Scheleber, back and legs injured.

Albert Lippens, back injured.

Fred J. Wehnert, right hand crushed.

W. S. Woodruff, left arm bruised.

John de Roller, left side injured.

Joseph Hicks of the Rochester Railway company, face cut and badly bruised.

Mrs. Joseph Hicks, injured internally.

Besides these, at least twenty-five are cut about the face and otherwise injured.

The train, which was crowded with excursionists bound for different points along the shores of Lake Ontario in the Irondequoit bay district, left the station in this city at 2:41 o'clock in the afternoon, about fifteen minutes late. Every seat in the coaches was filled and many persons were standing on the platforms. The engine rounded a curve with startling rapidity. One of the cars rode around the curve on the left wheels. There was a sudden crash as the couplings between the engine and coach were severed, and then the coach plowed through the earth for several feet before dropping on its side.

WHEAT OUTLOOK POOR.

Reports from Many States Show Damage by Freezing.

Chicago, May 1.—The winter-wheat crop of this year throughout the middle west will not be a heavy one, estimated upon its present condition. In many of the middle western states damage by freezing has been immense. Illinois reports the crop as almost entirely killed and the fields plowed up and devoted to other uses. Wisconsin and Iowa fared little better. Nebraska's shortage in the winter variety will be supplied by a very heavy acreage of spring wheat. Indiana reports some favorable localities, while Michigan shows an average crop. Ohio's yield promises to surpass that of any of the states mentioned.

Alger Willing to Be Senator.

Detroit, Mich., May 1.—Secretary Alger was asked whether he would be a candidate for United States senator, to succeed Mr. McMillan. He replied: "I will say frankly that if the state should see fit to send me to the senate, I would appreciate the honor; but, after all my state has done for me, I shall not enter into any scramble for it."

Cyclone Strikes Avoca, Iowa.

Avoca, Iowa, May 1.—A tornado struck this place at 3:30 p. m. Sunday, doing considerable damage to property. The storm moved in a southerly direction and passed through the outskirts of the town. Two houses on the outskirts were blown down, but no one was hurt.

GEN. JOHN M. PALMER ILL.

Veteran Soldier-Statesman of Illinois Sick at Springfield.

Springfield, Ill., May 1.—Gen. John M. Palmer, venerable soldier and statesman, is ill at his home in this

city, and, although the family physician declares there is no immediate reason for alarm, owing to his advanced years members of the family and close friends are considerably worried over his condition. The general is suffering from kidney trouble, and is unable to leave his bed. The family intended to leave to-day for Carlinville, to spend the summer, but the trip has been indefinitely postponed.

Our Exports Show Increase.

Washington, May 1.—March shows the high-water mark for exports of American manufactures, and the signs indicate that the pace will be maintained. Previous to 1897 the exports of American manufactures never averaged $1,000,000 a day for every business day of a month, but last month they averaged the sum of $1,400,000, the highest record ever made. The treasury department reports the exports for the month at $36,025,533. This is an increase of 50 per cent over February, and a gain of 25 per cent over any preceding month.

Ready for Third Convention.

Cincinnati, May 1.—The third annual convention of the Good Citizenship League will be held here this week, opening Tuesday night, with the sessions continuing Wednesday and Thursday. Maj. George A. Hilton, president of the league, and others, have already arrived. Leading speakers from all parts of the country are on the program for the week.

Indiana Miners Will Strike.

Indianapolis, Ind., May 1.—After several days' effort to bring about a settlement between the coal mine operators of southern Indiana and the miners, the state labor commissioners have retired from the scene and predict that the expected strike of the operatives will be inaugurated, and that not fewer than 3,000 men will go out.

Whooping Cough.

I had a little boy who was nearly dead from an attack of whooping cough. My neighbors recommended Chamberlain's Cough Remedy. I did not think that any medicine would help him, but after giving him a few doses of that remedy I noticed an improvement, and one bottle cured him entirely. It is the best cough medicine I ever had in the house.—J. L. Moore, South Burgettstown, Pa. For sale by People's Drug Co.

Mexico's Increase in Trade.

City of Mexico, May 1.—The treasury report of foreign commerce shows that in eight months of this fiscal year the exports have increased nearly $9,000,000 and are now at the rate of nearly $150,000,000 yearly. The imports have increased 13 per cent and are now at the rate of $98,000,000 in silver annually.

Hope to Control Conference.

New York, May 1.—The New York Journal correspondent in Vienna cables: "It is reported in diplomatic circles here that the triple alliance has agreed on a common policy at the peace conference at The Hague."

Fight Bandits in Utah Hills.

Ogden, Utah, May 1.—As the result of a desperate battle between the officials of Boxelder and Weber counties, assisted by Capt. Brown of the Ogden police, and two bandits in the hills northeast from here, Capt. Brown and one desperado, William Morgan, are dead and the second bandit is in jail at Brigham City.

Kruger Claims First Place.

Pretoria, May 1.—In the course of his speech at the opening of the volksraad President Kruger announced that the Transvaal was now the largest gold-producing country in the world. He said the output in 1898 was £16,240,630, being an increase of £4,586,905 over the output of the previous year.

Peace Is Welcomed in Spain.

Madrid, May 1.—The prospect of peace in the Philippines is received with lively satisfaction, in view of the possible release of the Spanish prisoners held by the Filipinos, and the increase of Spanish commerce in the islands which is expected to result from the execution of the treaty of Paris.

Note from Andree Reported.

London, May 1.—The latest Andree mystery comes from Copenhagen, where it is reported that a bottle containing a note from the explorer was found in the polar ice driven ashore at Husavik, Iceland.

A Happy Mother's Gratitude

[LETTER TO MRS. PINKHAM NO. 26,785]

"DEAR MRS. PINKHAM—I have many, many thanks to give you for what your Vegetable Compound has done for me. After first confinement I was sick for nine years with prolapsus of the womb, had pain in left side, in small of back, a great deal of headache, palpitation of heart and leucorrhœa. I felt so weak and tired that I could not do my work. I became pregnant again and took your Compound all through, and now have a sweet baby girl. I never before had such an easy time during labor, and I feel it was due to Lydia E. Pinkham's Vegetable Compound. I am now able to do my work and feel better than I have for years. I cannot thank you enough."—MRS. ED. EHLINGER, DEVINE, TEX.

Wonderfully Strengthened.

"I have been taking Lydia E. Pinkham's Vegetable Compound, Blood Purifier and Liver Pills and feel wonderfully strengthened. Before using your remedies I was in a terrible state; felt like fainting every little while. I thought I must surely die. But now, thanks to your remedies, those feelings are all gone."—MRS. EMILIE SCHNEIDER, 1244 HELEN AVE., DETROIT MICH.

Many old soldiers now feel the effects of the hard service they endured during the war. Mr. Geo. S. Anderson, of Rossville, York county, Penn., who saw the hardest kind of service at the front, is now frequently troubled with rheumatism. "I had a severe attack lately," he says, "and procured a bottle of Chamberlain's Pain Balm. It did so much good that I would like to know what you would charge me for one dozen bottles." Mr. Anderson wanted it both for his own use and to supply it to his friends and neighbors, as every family should have a bottle of it in their home, not only for rheumatism, but lame back, sprains, swellings, cuts, bruises and burns, for which it is unequalled. For sale by People's Drug Co., corner Main and Milwaukee streets.

Chicago Live Stock Report.

Chicago, April 29.—Only a few head of cattle and sheep were on sale today, the run of cattle all told barely reaching 150 head, and nearly all the thousand sheep that arrived going direct to slaughterers. Some early sales of choice shipping hogs and bacon pigs were made right at the prices of day before, but packers held out of the market and declined to buy late except at 5@10c decline. Several thousand useful hofs were still dragging late not wanted at that decline. Receipts were estimated at 150 cattle, 16,000 hogs and 1,000 sheep. Fairly liberal receipts seem probable for Monday, including much stock that had been bought to go before May 1. Most good judges of the market estimated close to 16,500 cattle, 32,000 hogs and 17,000 sheep for Monday, and with receipts of such volume not much change is anticipated from prices quoted below.

Unique Floor.

The floor of the rotunda in the London Coal Exchange, where the merchants gather, is very unique. It is composed of inlaid woods, arranged in the form of a mariner's compass, within a border of Greek fret. Upward of 4,000 pieces of wood are employed. Almost every British variety is included in this scheme of decoration.

MENU FOR MONDAY.

The relish is in the palate.—Balzac.

BREAKFAST.
Fricassee of Dried Beef. Water Cress.
Dry Toast. Marmalade.
Coffee.

LUNCHEON.
Cold Boiled Tongue. Lettuce Salad.
Potatoes au Gratin.
Rolls. Tea.

DINNER.
Bouillon in Cups.
Olives. Celery. Creamed Chicken.
New String Beans. Young Beets.
Frozen Peaches. Black Coffee.

FRICASSEED DRIED BEEF.—Have the beef exceedingly thin, picking apart in small pieces. If the beef is very salt, cover with cold water or pour over it a little hot water, provided you don't allow it to stand too long; then drain and press perfectly dry. To each half pound allow half a tablespoonful of butter and the same of flour, half a pint of milk, the yolk of one egg, a half teaspoonful of kitchen bouquet and just a suspicion (one-eighth of a teaspoonful) of pepper, red if you like. Put the butter into the chafing dish, or stewpan, first, and when hot add the beef (all smoked or dried beef must positively be cooked). After heating the meat thoroughly draw to one side and add the flour, then the milk mixed with the yolk of an egg; then add the kitchen bouquet and the pepper and remove to a dish in a couple of minutes.

CREAMED CHICKEN.—Take a cooked chicken (either boiled or roasted cold chicken will answer) and cut into blocks. Put a tablespoonful each of flour and butter into the chafing dish, mixing thoroughly; add a half pint of stock, stirring carefully until it reaches the boiling point; then add half a teaspoonful of salt, a quarter of a teaspoonful of pepper and a half tablespoonful of chopped parsley. If the sauce is not sufficiently brown, add a few drops of kitchen bouquet; cover for a moment until it reaches the boiling point; then add the chicken. Boil two minutes.

GOOD WHISKEY is in itself a pleasure as is a good cigar, but both taken together double the delight.

OLD UNDEROOF RYE

is the Liquor that has attained the highest and widest reputation for flavor, purity and mellowness. The whiskies selected for this famous combination are each chosen for some inherent good quality not found in others. When properly combined and stored for years in heavily charred oaken barrels, the result is a beverage of unrivalled superiority.

A NEW FANEUIL HALL.

The Cradle of Liberty Is Being Rebuilt.

Boston Faneuil Hall is being rebuilt. It is being reconstructed along the original lines and the old material will be used as far as possible. The walls will not be altered, though a new roof will be supplied, and new supports for it will be needed. The historical landmark has been in bad shape for some time. The floor used by the Ancient and Honorable Artillery company had sagged several inches, and efforts to raise it were futile. The trusses that held the roof had given way, and the additional braces supplied had not proved sufficient. Experts reported in favor of tearing out the interior from the foundation and supplying a new structure of steel and fireproof material. The proposed alterations will cost, according to a correspondent of the New York Herald, about $100,000, and a better building could have been put up for much less. But it would not have been "The Cradle of Liberty," and Bostonians wanted the old building preserved. When the building was torn down it was seen that the foundation, formed of rubble six feet thick, was not solid, as it rested on dock mud. The workmen had to dig eleven feet lower before finding solid ground. Concrete foundations were built on this, and a dressing of granite on top formed a solid base for the plates which will support the columns, and thus take all strain off the walls. Faneuil Hall is the cradle of liberty, but the money with which it was built was made in the slave trade. Old Peter Faneuil, a wealthy Boston merchant, owned a speedy ship which he named the Jolly Bachelor, because of his own state of single blessedness. This boat made regular trips between Cuba, Boston and Africa. In Cuba she was loaded with molasses, which was made into rum in New England. The rum was traded for slaves in Africa, and in this way Faneuil became rich. Having no children to whom he could leave his wealth, he willed it to the city of Boston to build Faneuil Hall. The Jolly Bachelor was attacked by the blacks on the African coast finally and was salvaged by a man named Burchell. The settlement of the salvage question was brought into the Newport courts after Faneuil's death.

SMART CAT.

Kept a Fox on Guard All One Bitter Cold Night.

Putnam (Conn.) Special New York World: William H. Woodhead's large gray cat, Peter, when the thermometer was 12 degrees below zero, and the wind blowing 40 miles an hour, struck for a swamp to look for mice. Mr. Woodhead lives in the neighboring town of Foster, over the Rhode Island line. A fox was in the swamp looking for his supper. The fox chased the cat home, and Pete crawled into a hole in a stone wall. The hole was not large, and Pete is a fair-sized cat. The hole was pretty well filled. The hungry fox could just reach Pete with his paw. When Mr. Woodhead went to the barn in the morning the fox, which had stood guard all night, retreated for the swamp. For thirty or forty feet on each side of Pete's prison the snow was trodden hard, while blood and fur were in evidence, showing that Pete bit and scratched every time the fox made a reach with his paw. Both of Pete's ears were frozen, but otherwise he was quite in the game.

A New Man.

Philanthropic Old Lady—I fear that you lack application and persistency. When you once begin a good thing never stop till you have finished it. Toll Knot Orspin—You convince me, leddy. That'll be my motter from now on. I was only goin' to eat half of this here pun'kin pie, but I'll finish it ef it founders me. You has made a new man o' me, leddy.—Detroit Free Press.

A New Idea for Bridesmaids.

A rather new idea was started for bridesmaids at a fashionable wedding which took place recently in London. Instead of carrying the ordinary bouquet, each bridesmaid has a violet velvet muff, with a large bunch of natural violets, with their tender green leaves and trails of buds, fastened on the top of the muff. This had a very charming and novel effect and might be carried out in many different ways. Pale pink satin muffs, with trails of pink roses, would look lovely.

Your friends will praise your coffee

if you use only the delicious

"T. & T. Coffee"

Blended by an expert whose equal does not exist, from choice selected coffee beans; packed *whole*, in sealed, air-tight, 2-lb. cans, to be ground as used. No coffee, loose or ground in the store, can be so delicious, because it loses its aroma and becomes a refuge for dirt and dust. This is why experts say that T. & T. Brand is

"The finest coffee in the world."
